Power multiplier	
Total Points	
Comments Welcome!	

Log Submission Instructions:

- 1) fill out your name, call and other information
- 2) identify the total number of QSO's made
- 3) identify the total # of distinct zipcodes
(i.e. if you worked 3 stations while stationary from 97312, just list that zipcode once)
if you were operating mobile, count the distinct PAIRS of zipcodes worked (i.e. you operated from 97330 and worked 2 stations in 97312 and you operated from 97312 and worked 3 stations from Albany)
- 4) power output: if you operated below 5W the whole time, multiply score by 3
- 5) if you operated between 5 and 50W the whole time, multiply score by 2
if you operated over 50W, multiply score by 1 (hence, no multiplier)
