

St. Cloud Amateur Radio Club Post 73

Meetings are every 4th Thursday of the month at 7:00PM at the WoSV Clubhouse

What is Exploring?

Exploring, is a unique career exploration program for young men and women ages 14 – 20. The program provides students with an opportunity to learn about a wide variety of career fields and network with professionals already working on those fields.

Is there any cost to be an Explorer?

Annual program participation is \$49. Special activities, events and conferences may cost more and will be determined at that time.

What will I do as a SCARC Explorer?

As an Explorer you will learn about different methods of communication and become proficient with using them. With projects that include antenna building, electronics projects, and other fun interactive experiences. The opportunity to study and test for your FCC Amateur radio license.

What is communication?

Simply put, communication is a method to get information from one person to another. Some common forms are:

Conversation
Telephone
Written words
Video/TV
Two-way radio
Broadcast radio
E-mail

Computer applications to send email and files over the radio
